Our strength lies in our ability to blend current management practice and IT expertise into cost-effective Computer Aided Management Solutions, Products and Services. Our offers cover the following major areas:*

**Monitoring and Evaluations software tools**

**Process development localization**

**Customized and target-oriented Workflow design**

**Network, Security & Threat Management Solution**

**Network Monitoring/ Network Management Support**

**Research and Reports**

**Data conversion & data entry**

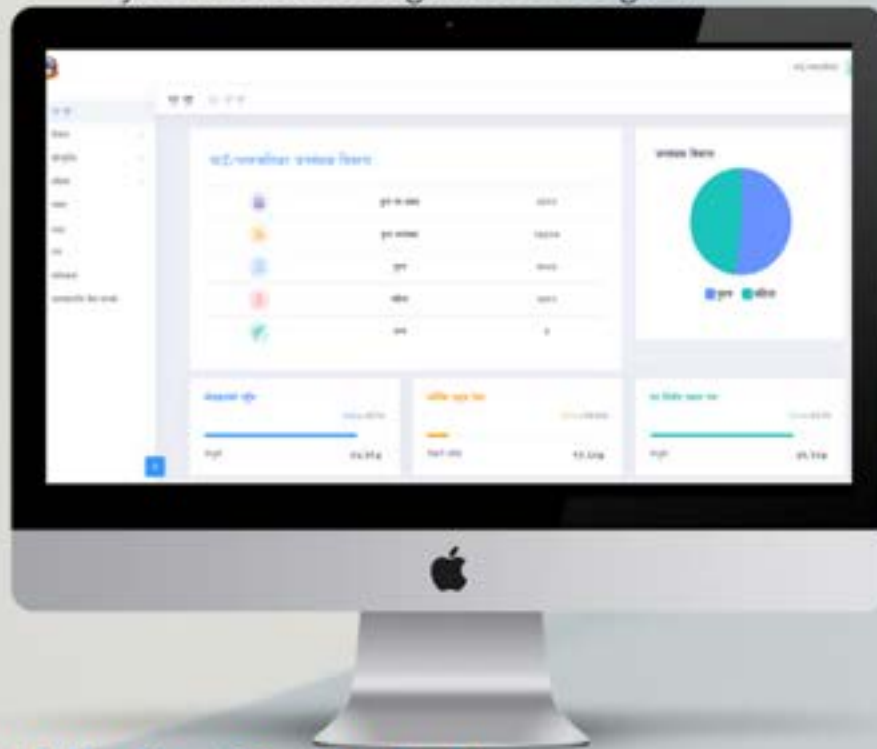

**Innovative Tech. System**

# OUR PRODUCTS

## Monitoring and evaluation softwares

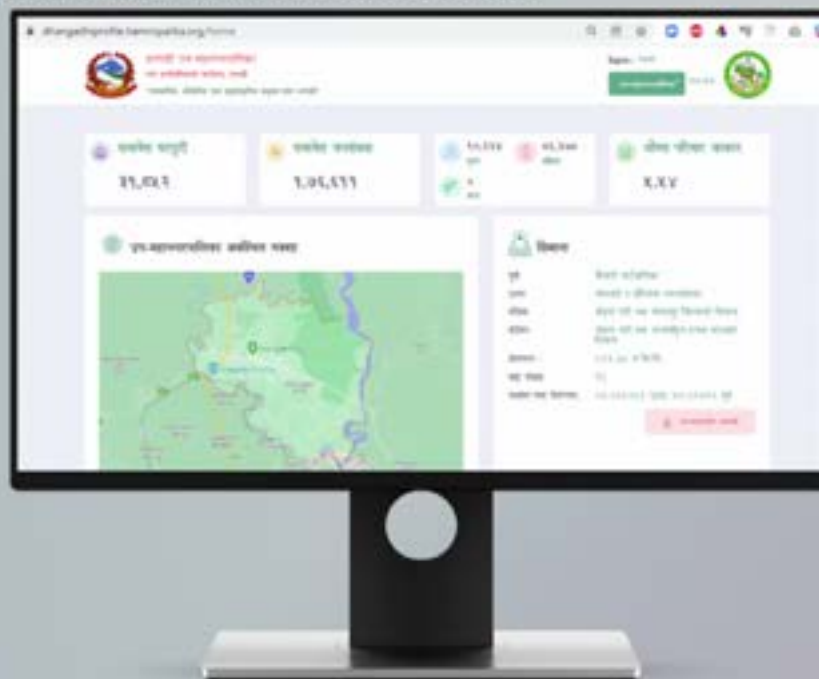

### Digital Municipal Profile Management System

The widely new prevalent government structure of our country as federal state and local is based on the philosophy of shared and distributed power with local governments (like rural municipality and municipality), typically being the first point of contact for citizens, so what they need now is an advanced well integrated governance and administration system based on digital technologies.

### Municipal Public Profile Website

The public has right to view the public data easily and effectively for which we have come with Municipal Public Profile Website

## Yojana management system

Planning inside municipal office can be a difficult job for which this software eradicates. Introducing you both online and offline Planning management software.

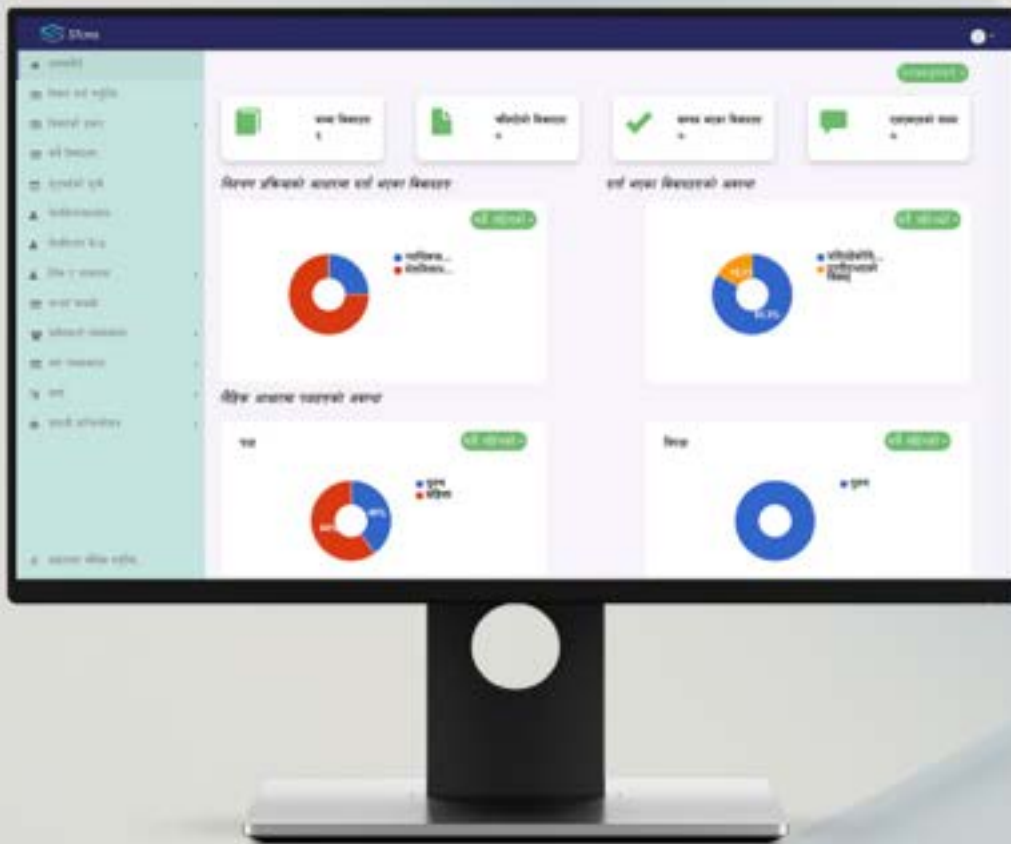

## Dartasifaris software

Dartasifaris software helps to work on template to operate application which can be effective and efficient.

## Nyayik Samiti Software

*Nyayik Samiti software helps to work on template to operate application which can be effective and efficient with additional features.*

## Smart Interactive Helpdesk

*An interactive informative Touch Terminal is a computer terminal featuring specialized hardware and software that provides access to information and Citizen-Charfor communication, commerce, entertainment, or education.*

# MOBILE APPLICATIONS

The journey of developing mobile application has been quite long. Along with some well establish application like Hamropalika, Helpdesk, Mamila, LG Profile App and many more our company delivers the ideas and product as for your desire. We deliver more than you expectations. Some apps are sampled below:

MAMILA APP

LG PUBLIC PROFILE APP

NARMIN APP

# Smart TV APPLICATIONS

The developing don't just stop on developing web apps and mobile apps we have breakthrough the ice of regular pratice and introduced many smart tv applications. Some apps are sampled below:

INFORMATION OFFICER DISPLAY APP

SMART HELP DESK APP

## Smart Power Bank Pen Drive Diary

Smart power bank pen drive diary is the need of today. It's not always possible to find charging sockets everywhere and carrying bulky powerbanks is just a waste of energy. This diary includes a 5000 mAh power bank with 32 GB pen drive and not only that, it also has a good look and a sturdy body that is easy to carry and attractive.

## Digital Name Plate (IN/OUT/BUSY)

Branches, employees and representatives of the presence of smart communication software and mobile app can change their presence according to their needs, can customize their own hardware and system, for the first time in Nepal, a digital name plate with its own Nepali language library

## Sank Magic Book

The Magic Copybook can help children practice their handwriting and have fun at the same time with its reusable and erasable ink.

## Smart Kharipati

A version of this screen, which uses the latest pressure-sensitive LCD technology, is much praised. It is a simple alternative to pen and paper. You can write and draw with the built-in stylus or other plastic pens, just like on paper. The electronic tablet has a lock function.
